SECTION 1: PREPARE FOR REGISTRATION

1.1 Complete Club Affiliation using REMS or PSO Process

Complete your club affiliation process using REMS or through your PSO process. During this process, you may receive your registrar account information and access to REMS.

1.2 Admin Accounts

Admin accounts will be created for Registrars, COAs, Meet Managers and Treasurers as per the process outlined by your PSO. If you hold multiple roles, you will have **one Admin account** which includes the functions of all roles. Please contact your PSO for details about your admin accounts.

- Admin accounts are managed by clicking **Manage User Accounts**. If you do not have this menu option, you must contact your PSO directly for help with admin accounts.
- You can export a list of admin accounts by clicking **Manage User Accounts** and then click the **Export** button.

1.4 Membership Status

Each registrant will have a membership status indicating what aspects of registration have been completed. If the registrant has the “**Active**” Membership status, the Active checkcircle on the View Registrant screen will be green. 

Registrant Membership Status Options

Awaiting Payment: No payment has been made and no invoice generated

Pending Invoice: The Registrant has completed their information but there are unpaid invoices

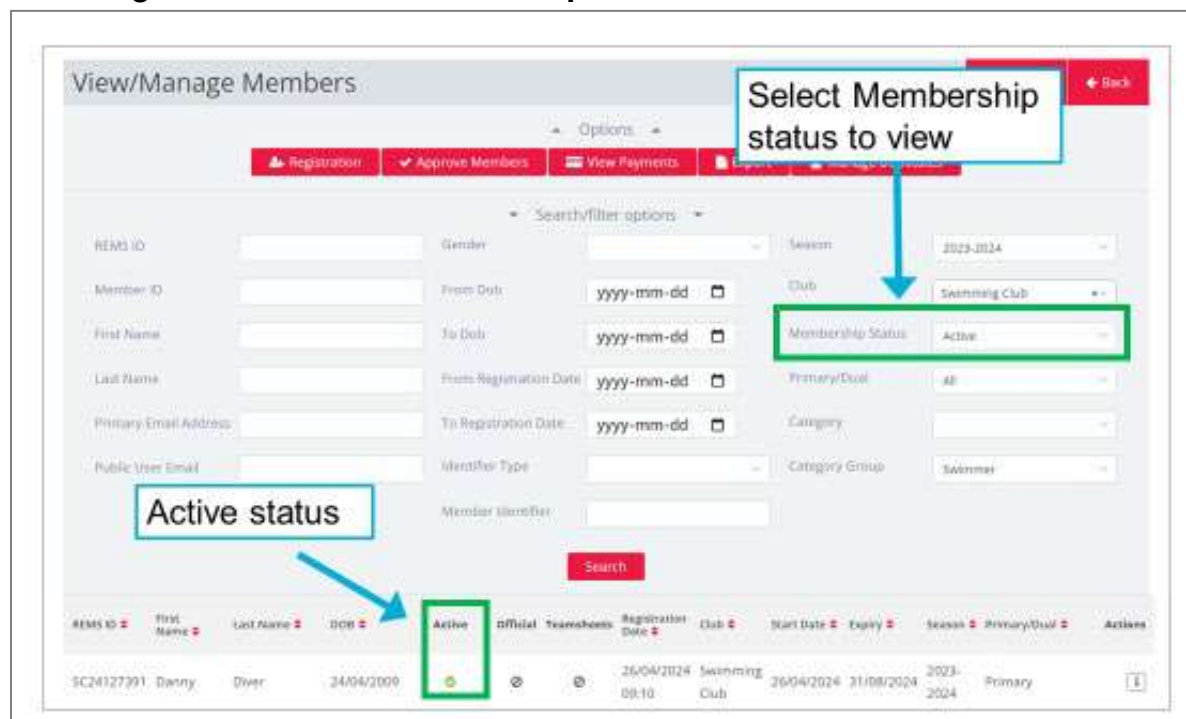

Active: Registration has been completed; invoice is paid, and swimmer account updated

Imported: Registrant information has been imported

Needs More Info: The registrant contact information has not been updated

You can filter your registrant list by Membership Status or check a particular registrant’s status by clicking on the View  icon.

View Registrant Screen - Membership Status

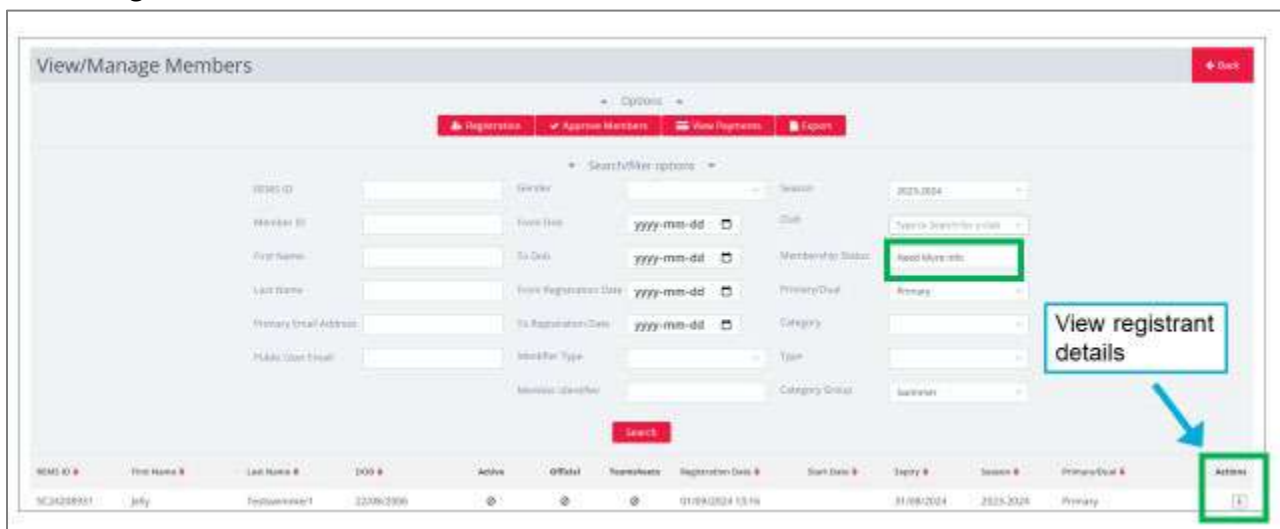

The screenshot shows the 'View/Manage Members' interface. At the top, there are navigation buttons: 'Registration', 'Approve Members', 'View Payments', and 'View Registrants'. Below these are search filter options for 'Search/filter options', including 'Season' (2023-2024), 'Club' (Swimming Club), 'Membership Status' (Active), 'Primary/Dual' (AB), 'Category', and 'Category Group' (Swimmer). A callout box labeled 'Select Membership status to view' points to the 'Membership Status' dropdown. Below the filters is a 'Search' button. At the bottom, there is a table of registrants. A callout box labeled 'Active status' points to the 'Active' status in the table. The table has columns: REMS ID, First Name, Last Name, DOB, Active, Official, Teamsheets, Registration Date, Club, Start Date, Expiry, Season, Primary/Dual, and Actions. The first row shows: SC24127391, Danny, Diver, 24/04/2009, Active, Official, Teamsheets, 26/04/2024, Swimming Club, 26/04/2024, 31/08/2024, 2023-2024, Primary, and an info icon.

1.4.1 Registrant Status

You can view the registration status of a particular registrant by clicking the View  icon under Actions.

SECTION 2: GROUP REGISTRATION

2.1 Overview of Group Registration

Swimmers, coaches and for some clubs, officials will be registered for the season using the group registration process.

Please note the following:

- Registrants are added to a group registration in batches, with each group containing up to 50 registrants.
- When the registration is submitted, it will be assigned a Registration ID. This ID can be used to track the registrants submitted in that registration group.
- When a group registration is submitted, multiple invoices are generated based on the types of registrants in the group. An invoice will be created for Swimming Canada and the PSO for all registrant types. If the group includes coaches, an additional invoice for the CSCA will be created.

d. Bulk imports of registrants **will not** be available for the 2024-2025 season.

2.2 Payment Methods

Each PSO will determine the payment methods available to their clubs. If you have questions about those options, please contact your PSO directly.

2.2.1 Online Payment Methods

If your PSO offers online payments, Clubs have access to EFT and credit/debit card payment options during group registration. Please see document below for help with online payments.

Fees:

- a. Credit Card 3.4% + \$0.50 transaction fee
- b. EFT 2.3% + \$0.50 transaction fee (money takes ~5 days to be transferred to account)

[Online Payments Training Guide – Club](#)

2.2.2 Offline Payment Methods

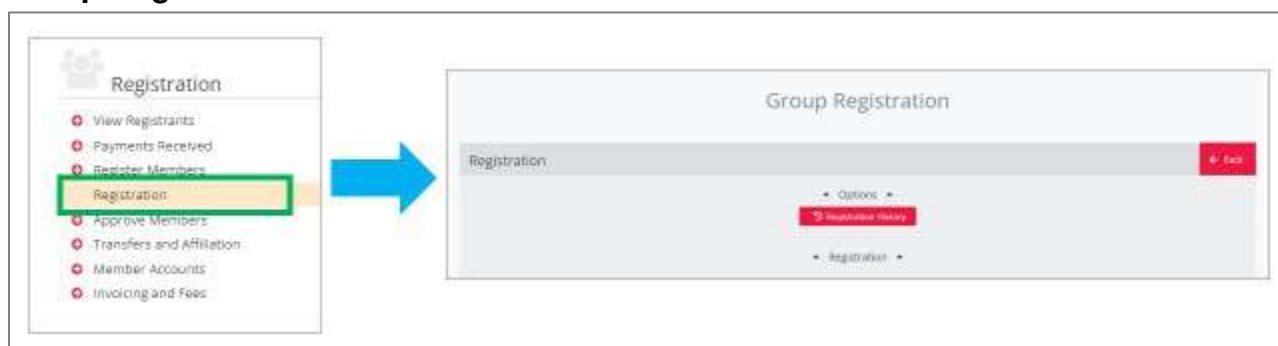

Please contact your PSO for direction on how to pay group registration invoices.

2.3 Group Registration Process

Registrants (swimmers, coaches and officials if not using self-registration) will be registered for the season using the group registration process. You can access group registration using the **Registration** menu option.

Note: Do not register members using the Register Members function.

Group Registration

Registrants will be added to the registration group one by one. Registrars should only register registrants who are confirmed to be returning for the season. For detailed instructions on the Group Registration process, please refer to the training guide below.

[Group Registration Training Guide – Club](#)

2.4 Registrant Status

When you register swimmers, coaches or officials using Group Registration, the Registrant status will be set to **Needs More Info**. When the registrant logs in to their REMS member account for the first time, they will need to update their contact information, consent to Swimming Canada’s policies and accept the Acknowledgement and Assumption of Risk Form.

Once the Registrant has updated their information and assuming that any invoices have been paid, the registrant status will become **Active**. Coaches and officials may require additional approvals before their account status becomes active.

If your members need help updating their member accounts, please refer to the guide below for more information. You can also share this guide with your registrants.

SECTION 3: SELF REGISTRATION

3.1 Overview of Self Registration

The PSO may decide to register Officials and some additional categories of registrants (e.g. Independent Masters) using the self registration process.

Please note the following:

- a. Registrants will register themselves using the link sent to them by the club or PSO.
- b. Depending on the registration category, the club may be required to approve the registrants that register for the new season using the self registration process.
- c. If the registrant is registering into a category with fees, these fees will be paid by the registrant as part of the self registration process.

3.2 Payment Methods

Each PSO will determine the payment methods available to their clubs. If you have questions about those options, please contact your PSO directly.

Registration into the Officials category for the 2024-2025 season will have no cost applied through REMS. If your PSO charges a fee for Officials registration, you will be invoiced as a separate process. Please contact your PSO for more information on Officials registration fees if this applies in your province.

3.2.1 Online Payment Methods

If your PSO offers online payments, they can use self registration for categories with fees. If the PSO does not offer online payments, they cannot use self registration for categories with fees or they must collect the fees separately.

Fees:

- c. Credit Card 3.4% + \$0.50 transaction fee
- d. EFT 2.3% + \$0.50 transaction fee (money takes ~5 days to be transferred to account)

3.2.2 Offline Payment Methods

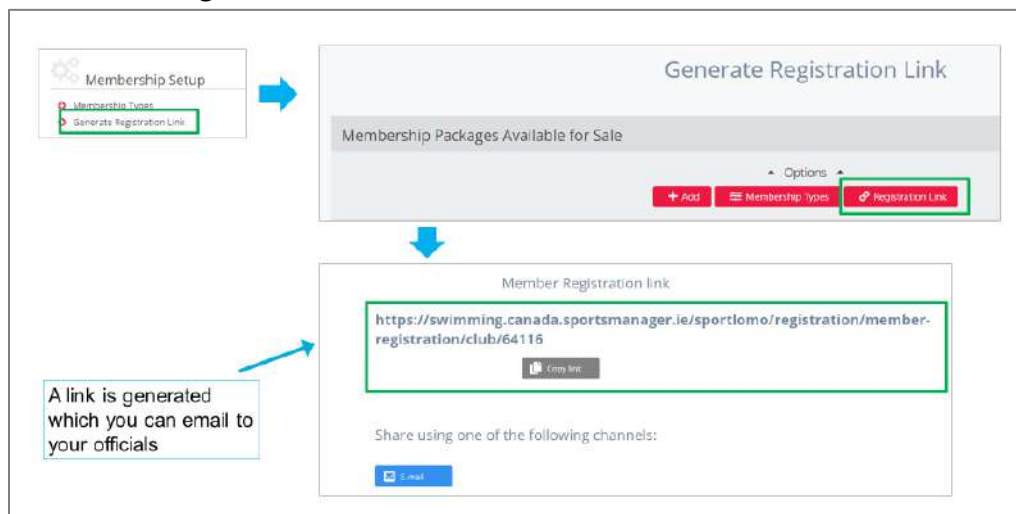

During the self-registration process, fees must be paid using an online payment method, or the registration category must not have an assigned fee.

3.3 Generate Registration Link

Clubs will need to generate a registration link to send to their registrants.

Generate Registration Link

[Generate Registration Link for Self-Registration Training Guide - Club](#)

3.4 Self Registration Process

The steps to complete self registration for Returning Registrants (registrants that have previously been registered with Swimming Canada) is different from those that are New Registrants. Please share the guides below with your registrants to complete self registration.

[Self Registration for NEW Registrants Training Guide](#)

[Self Registration for RETURNING Registrants Training Guide](#)

3.5 Registrant Status

When registrants complete their registration using self registration, if they have

- Updated their personal information and signed off on all required waivers, and
- Paid any required fees, and
- Approval is NOT required

The registrant will have a status of **Active**.

If the registrant category requires approval (e.g. some PSOs may require Officials registrations to be approved) the registrant will have a status of **Awaiting Approval** until the registration is approved. Please refer to section 3.6 below for details on how to approve registrants.

3.6 Registrant Approval

Some categories of registrants that use self registration will require Club approval. For example, Officials registrations completed using self registration must be approved by the club COA.

For Officials approvals, please refer to the training guide below.

[Approve Officials Registration Training Guide - Club](#)

SECTION 4: REGISTRANT TRANSFERS

4.1 Overview of Swimmer Transfers

A swimmer transfer occurs when a swimmer moves from one club to another. Transfers can happen within a province, or between provinces. Transfers can be viewed on the Transfers and Affiliations page.

Swimming Canada and the PSOs require an approval of the 'releasing' Club for transfers within a province. For out of province transfers, the 'releasing' PSO must also approve the transfer.

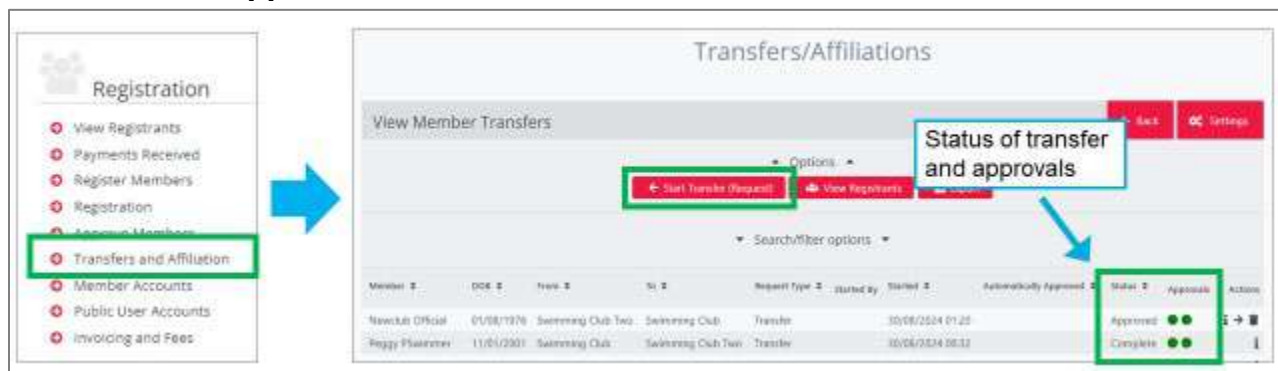

For further information on the procedures and rules of swimmer transfers, refer to the National Registration Procedures and Rules manual located in the resources section of <http://swimming.ca/registration>

4.2 Swimmer Transfer Process

Swimmer transfers must be initiated by the Receiving Club by clicking the **Start Transfer (Request)** from the **Transfers and Affiliation** screen.

Transfers and Approvals

For details on how to complete the transfer process, refer to the guide below. The receiving club must complete Steps 1 and 3 below. The releasing club (and PSO if the transfer is out of province) will complete Step 2.

Transfer steps:

Step 1. Initiate the Transfer

Step 2. Releasing Club – Approve Transfer

Step 3. Complete the Transfer

4.3 Notifications

Currently, the system has a standard email notification mechanism for member transfer requests. At this time, we cannot customize transfer emails. Development of customized emails is in progress.

Note: If you are doing transfers, please advise the registrant to ignore the instructions in the email, that the club will complete the process.

a. Email Notification on Transfer Request to Registrant

A standard email template is used to acknowledge the receipt of the transfer request. This email includes basic information about the request but does not allow for customization (see email template below).

4.3 Transfer Rules

If this is the second transfer for the swimmer and the “unattached period” has ended, the swimmer transfer can be completed. Refer to Step 3 in the Registrant Transfer Training Guide – Club (link above).

If the "unattached period" has not ended, the swimmer must compete as unattached using the provincial code provided by the PSO. Rules regarding transfers can be found in the Transfers Section of the Registration Procedures and Rules Manual, available at <http://swimming.ca/registration>

4.4 Post-transfer Registration

Once the transfer is complete, the receiving club must register the swimmer in the appropriate category and invoices will be generated according to the standard registration process.
