January 2025

Happy New Year! From all of us at Swimming Canada, we wish you and yours health, happiness, and plenty of swimming throughout this year and beyond. To those who 'aged up' on January 1st, welcome to your new age group for the next 5 years!

CANADIAN MASTERS RECORDS

We would like to remind you of the Canadian Masters Record Application process:

Complete and submit the online [Canadian Record Application Form](#). The official results including splits and backup times must be attached to the online form for the application to be complete and valid. Meet Management can provide this.

Applications must be received within 7 days of the performance. It is the responsibility of Meet Management to ensure that the record application procedure is followed.

If you believe, you have swam a pending provincial record, please reach out to your Provincial Swimming Organization directly.

WORLD MASTERS RECORDS

Swimming Canada would like to remind you of the Masters World Record application process:

Meet Management is required to complete Sections 1-14 of the [Masters Swimming World Record Application Form](#). **This form must be submitted to Swimming Canada, along with required supporting documentation, via email within 7 days of the performance.** Required supporting documentation includes the following:

- Pool Length Survey (Section 6)

A separate Canadian Record Application Form must be filled out in addition to the World Record Application Form. See above for instructions.

Please reach out to masters@swimming.ca with any questions or to submit an application.
